**Technologies:**  
Express | Node JS

## Work Experience

---

### Eclabels (Freelance)

*Freelance Developer*

**July 2020**

*Mexico City, Mx*

- Integrated Fedex label generation with the Vtex Ecommerce API
- Implemented automated invoicing once payment has been confirmed
- Implemented daily scheduled Zip/CSV generation containing shipping labels automatically emailed to clients

### CodeWizardsHQ (Contract)

*Instructor*

**June 2020-Present**

*Austin, TX*

- Taught daily online courses in Python to children in grades 2-12

### Star Furniture

*Office Associate*

**July 2017 – September 2019**

*San Antonio, TX*

- Assisted customers with payments and questions about their furniture order
- Created Spreadsheets to track key performance indicators
- Confirmed orders were paid in full/finance-approved before invoicing

## SKILLS

---

**Node JS**

**React JS**

**Postgresql**

**Version Control With Git**

**Deploying on Linux Servers**

**PHP**
